“PREMIER SPORTS WEBSITE”

Website Done by:

PRATHAM M

ACKNOWLEDGEMENT:

In completing this graduate project,we have been fortunate to have help, support and encouragement from several people.

We would like to thank Prof. Joy keeran, our project advisor, for guiding us through each and every step of the process with knowledge and support, thank you for your advice, guidance and assistance.

I would like to thank my Project Partners for their help and coordination throughout the project.

ABSTRACT:

Premier sports is ane-commerce website based on Sports Equipment. We provide sports attire to customers in need. We have created a website which provide best sports attires for every sports enthusiasts out there. The website will allow customers to browse and buy the best fit for them. This website is made simpler and easy to use because we don't want to make feel hard to use the website for the customer. Starting from home page till the end payment Page everything is made step by step.

INTRODUCTION:

The aim of this project is to develop a general-purpose e-commerce storewhere customers can browse the catalog and select product of interest from the comfort of homethrough the internet, the selected items will be collected in shopping cart. At checkout time, the item in the shopping cart will be presented as an order, at that time you will be redirected to a payment page and more information will be asked to complete the transaction such as the customers shipping address,
billing address and payment information such as credit card number and finally an email notification will be to customers email id ensuring their order has been placed successfully.

Our objective is to provide a robust, simple,user-friendly website to meet the customer needs.

.

STUDY OF EXISTING SYSTEM:

Currently there are many websites which offer sports attires through different platforms of online shopping but very fewer websites which only concentrates on sports attires and sports products.

STUDY OF THE PROPOSED SYSTEM:

The website proposed by us will allow customers to buy sports attire all at one place. The customers can buy all the products related to sports here

SYSTEM REQUIREMENTS:

Hardware requirements:

- Processor(CPU) Intel CORE i3
- RAM A minimum of 2GB
- Hard Disk 20GB
- Monitor Resolution 1024 X 768 or higher
- Network speed 4Mbps or higher Software

Requirements:

- Programming languages HTML 5(Front End)

  CSS (Styling)

  JavaScript

- Coding Platform Visual Studio Code, Atom
- Browsers Supported Google, Edge, Chrome
- Operating system Windows 7/8/10

DESIGN OR SCREENSHOTS OF THE WEBSITE

CONCLUSION

With the improvement of technology, there has been a whole wide change in the way information is passed onto us. Not just information the face of business has also been changed over years. They have embraced the new technology and are coming up with a lot of innovative idea.

The main idea of our “SPORTS WEBSITE “project was one to successfully acquire a simple, static webpage for helping the customers to buy the sports products easily and second to develop an ease to use frontend using languages HTML, CSS, and java script.

We have learnt how to design and type codes using HTML, CSS, JAVASCRIPT, this was a good experience for our team to gather different ideas from individuals and put them in a single website. We also learned how to work as a team for a given project, how to agree on an idea and how to implement it. So we have learnt team work and understood how to share the idea with each other.

REFERENCES

These are some of the useful websites and links which we used in developing our webpages.

1. Code Open: https://codepen.io/PurpleTigress/pen/eXPxxq
2. We reffered this youtube for creating our page –Easy Tutorial: https://youtu.be/yQimoqo0-7g
3. There also some website such as W3Schools and Tutorials Point which helps in building the websites.
